RULING ON ENTITLEMENT¹

On October 26, 2023, Camille Ashcraft filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered Guillain-Barré Syndrome (“GBS”), causally related to the influenza (“flu”) vaccine she received on October 5, 2022. Petition at 1 ¶¶ 1, 19, 21. Petitioner also alleged that she received the flu vaccine within the United States, that she suffered the residual effects of her GBS illness for more than six months, and that neither she nor any other party has filed a civil action or received compensation for her illness, alleged as vaccine-related. *Id.* at ¶¶ 1, 20, 23-24. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On October 8, 2024, Respondent filed his Rule 4(c) Report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent believes that "Petitioner has satisfied the criteria set forth in the Vaccine Injury Table (Table) and Qualifications and Aids to Interpretation (QAI)." *Id.* at 7.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
